Providing Quality Water and Quality Services to Our Community

Dear New Customer:

Welcome to the Clayton County Water Authority. We appreciate the opportunity to serve you and are glad to assist you with any questions or problems that may arise. This letter is to acquaint you with the monthly bills that you will receive, as well as several of the services that we offer our customers.

We will read your meter, compute your usage, and bill you monthly. There is a Base Rate for all residential Water and Sewer accounts, including active accounts with no usage. (Please see the chart below). In addition, there will be a standard monthly Stormwater charge of \$3.75 for all residential customers. The Water and Sewer base rates for non-residential accounts are determined by the size of the meter at the premise. If a trip to your residence is required to connect service and/or transfer the service, a \$25.00 service fee will be charged on your first bill. Twenty days after the bill date, a 10% late fee is charged for any unpaid balance.

The following Water and Sewer rates were adopted by the Board of Directors and effective February 1, 2025:

Water – Single Family Residential
Base Rate \$13.94

Water/Sewer – Single Family Residential
Base Rate \$14.88

Charges below are in addition to Base Rate.

Water Rates: (based on usage)	
Usage (gallons)	Rate (per 1,000 gal)
1-3,000	\$3.27
4-7,000	\$7.87
8-20,000	\$9.75
More than 20,000	\$11.70

Sewer Rates: (based on water usage)	
Usage (gallons)	Rate (per 1,000 gal)
1-3,000	\$3.65
More than 3,000	\$8.36

As of September 2, 2015, the deposit for Residential Accounts (single family houses, townhouses, duplexes, or quadruplexes) are based on a customer's credit rating. Credit history is checked using Online Utility Exchange (OUE), which is also used to validate customer's social security number as a part of compliance with the Red Flag Rules required by the Federal Trade Commission. OUE performs a "softcredit check" comparing the customer payment history with other utilities on record.

New Service Deposits can be paid in person using cash, check, credit card, debit card or money order. If you are setting up service remotely (via fax or email), you may use a debit or credit card. Our third- party payment processor InvoiceCloud will charge \$2.25 for using a debit or credit card.

- Deposit for water service is \$0, \$40 or \$80 based on customer credit.
- Deposit for sewer service is \$0, \$40 or \$80 based on customer credit.

Residential deposits are refundable upon 24 months of continuous timely payment history.

Our hours of operation are from 8:00 a.m. to 5:00 p.m., Monday - Friday. We have offices with night deposit drop boxes available at 1600 Battle Creek Road, Morrow, GA 30260 and 526 Forest Parkway, Suite A, Forest Park, GA 30297. SERVICE AGREEMENT

By receiving service from Clayton County Water Authority (hereinafter "CCWA"), the applicant agrees to be bound by the terms and conditions as set forth in this Service Agreement, as it exists on the date I begin service, and as thereafter amended. The terms of this Agreement may be modified by CCWA without specific written notice to Applicant. Any such amendments to this Agreement shall be posted on the Authority's website and shall become effective upon the date of such posting.

1. Applicant hereby applies for water and/or sewer service at (the `Property') with the Clayton County Water Authority (hereinafter `CCWA'), and in consideration of such service being supplied by CCWA, Applicant agrees to adhere to the rules and regulations of CCWA now in force or which may hereafter be adopted.

2. At the acceptance of service from CCWA, Applicant acknowledges that Applicant is responsible for payment of the billing on the meter for the Property until such time as Applicant notifies CCWA to discontinue service. Applicant agrees to pay any deposits required by CCWA. Failure to receive this Agreement does not relieve Applicant's responsibility to make timely payments at the rate established by CCWA; Applicant's acceptance of service from CCWA shall constitute Applicant's acceptance of the terms of this Agreement. Further, Applicant hereby grants access to CCWA and its agents, officers and employees to the Property for the purpose of repairing, installing, removing, checking, turning on and off, and reading the meter for the Property. Applicant also acknowledges that the meter box lid and all materials inside the meter box are CCWA property and shall remain so, and CCWA shall have the authority to control and regulate their use. Applicant hereby acknowledges that he/she/it is prohibited from connecting to any other water source but not limited to, wells located on the Property or any other water supply. Applicant is required to notify CCWA in writing of any such source present either now or in the future. It is Applicant's responsibility to install and maintain a pressure reducing valve on Applicant's plumbing line. During each meter installation, CCWA installs a backflow preventer. There is a potential for the Applicant to have a problem with thermal expansion from hot water in the water heater, and it is Applicant's responsibility to have the water heater inspected. Applicant is responsible for maintaining adequate insulation for the system to prevent freezing during the winter.

3. Applicant agrees that they will not tamper with, alter, bypass, or modify the connection from the Authority's system to any device utilized by the Authority to meter and measure the water usage to the Applicants premises. In the event the Authority discovers any circumstance whereby the Applicant has, or has allowed, a violation of this provision, the Authority shall immediately disconnect the premises from its System. In such circumstance, the applicant agrees, and shall be required, to pay: (1) any and all costs incurred by the Authority to disconnect the premises; (2) all water and sewer charges estimated by the Authority (using all available evidence, including historical service records) as being reasonably due to the Authority for water usage by the applicant during the existence of the condition (in no case shall the charge be less than one month's average historical normal service); and (3) if the applicant wishes to reestablish water and/or sewer service, both items (1) and (2) and a "meter tamper reconnection fee" of \$500 for single family detached residential customers and \$1,500 for all other customers.

4. The terms of this Agreement are designed to comply with Official Code of Georgia § 36-60-13, where applicable, and as such this Agreement does not constitute a debt or multi-year obligation on the part of CCWA. This Agreement shall terminate at the end of each calendar year and may automatically renew each calendar year unless service is discontinued by CCWA, or where the Applicant elects to discontinue service, upon one (1) business day notice to CCWA at 1600 Battle Creek Road, Morrow, Georgia 30260. A `business day' shall be Monday through Friday between the hours of 8:00 a.m. until 5:00 p.m. and shall exclude holidays and CCWA emergencies.

5. If Applicant was receiving water and/or sewerage services before the date of adoption of the terms of this Agreement by CCWA, or subsequent to any subsequent amendment hereto, Applicant shall be considered to have agreed, acknowledged, sworn or affirmed to and accepted the terms of this Agreement, or any amendment hereof, by virtue of the continued use of CCWA services subsequent to such adoption or amendment. Such continued use of services shall constitute full acceptance of the terms herein or any amendment hereto, without further signature on any additional

agreement. Notice shall be deemed sufficient when provided to Applicant by: (a) posting this Agreement, or any amendments thereof, on the CCWA website; and (b) notice sent to Applicant's address as shown on this Agreement via insert in his/her/its water bill/invoice after the date of adoption. Further, CCWA may amend this Agreement from time to time at its sole discretion as it shall deem necessary. Amendments to this agreement shall be posted on the CCWA website and copies thereof sent to applicant's last known address via insert in his/her/its water bill/invoice after the date of adoption.

6. This Agreement may not be assigned by Applicant without written permission from CCWA. This agreement and the rights of the parties hereunder shall be binding upon and inure to the benefit of CCWA and its respective successors and, if applicable, assigns.

7. No waiver by either party of any default by the other party in the performance of any provision of this Agreement shall operate or be construed as a waiver of any future default, whether like or different in character. If any provision of this Agreement, or any application of this Agreement to any person, entity or circumstance, shall be invalid as a matter of law, such provision shall be modified if possible, to fulfill the intent of the parties as reflected in the original provision. The remainder of this Agreement or the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected by such invalidity, and each provision of this Agreement shall be valid and enforced to the fullest extent permitted by law.

8. This Agreement shall be governed and construed in accordance with the laws of the State of Georgia.

9. Applicant may be a corporation, partnership, person, business or other legal entity. Applicant acknowledges, swears or affirms, and represents that all information provided in this application/agreement is true and that Applicant has authority to legally bind themselves and any and all other entities that are receiving service under this agreement.

10. On occasion Applicant may be required to comply with operational requests of duly authorized CCWA representatives. Failure to comply with such requests shall be considered a material breach of this Agreement and shall be cause for: (a) termination of service; (b) collection action and reporting to credit agencies; (c) civil legal action, attorney's fees and court and other costs; and (d) criminal prosecution where such failure to follow requests constitute a crime or an ordinance violation.

11. Failure to pay all invoices in a timely manner shall be considered a material breach of this Agreement and cause for: (a) termination of service; (b) collection action and reporting to credit agencies; (c) civil legal action, attorney's fees and court and other costs; (d) criminal prosecution where such failure to follow requests constitute a crime or an ordinance violation; and (e) any other remedies or actions deemed reasonable by CCWA and local, state or federal law. If Applicant has more than one account with CCWA, default on one account shall constitute a default on all accounts. In such event, failure to pay an invoice on one account shall be considered a material breach of this agreement for all related accounts, and the remedies stated above, including termination of service for all related accounts, shall be available to CCWA.

12. Applicant acknowledges that a person who knowingly and willfully falsifies, conceals, or covers up by any trick, scheme, or device a material fact; makes a false, fictitious, or fraudulent statement or representation; or makes or uses any false writing or document, knowing the same to contain any false, fictitious, or fraudulent statement or entry, in any matter within the jurisdiction of any department or agency of state government or of the government of any county, city, or other political subdivision of this state shall, upon conviction thereof, be punished by a fine of not more than One Thousand and 00/100Dollars (\$1,000.00) or by imprisonment for not less than one nor more than five years, or both. Official Code of Georgia § 16-10-20.

13. Applicant agrees to indemnify, save and hold harmless, and defend CCWA, its officers, boards, agents and employees, from and against any liability for damages and for any liability or claims resulting from property damage, loss of business, or bodily injuries (including accidental death) which arise out of the provision of services or the failure to provide services hereunder, including but not limited to, reasonable attorneys' fees and court as well as other costs if such fees and costs are deemed necessary by CCWA.

14. Applicant understands that the Authority commences water service at the meter, and that distribution of water

thereafter, and the consequences thereof, are the sole responsibility of the Applicant. The Authority recommends that the Applicant be present at the location when service is turned on, or restored after interruption, to prevent the possibility of internal/external damage. The Applicant understands that he/she assumes all responsibility for water damage on or to the Property (inclusive of the inside or the outside of the dwelling) once services commence. Applicant understands that, from time to time, water service may be interrupted by any number of causes, including but not limited to cancellation of service for nonpayment, temporary suspension of service for repairs, damage to Authority facilities, or Acts of God. Upon the initial application for service, and upon restoration of service after interruption, Applicant must ensure that all the water sources (including, but not limited to, sinks, washing machines, bathtubs, showers ice maker lines, faucets/inside and outside and toilets) are off to avoid any water running and consequent damage to Applicant's property. If, upon initiation, or restoration of water service due to cancellation of service for nonpayment, your meter indicates water is running, service will not be initiated or restored; if an additional trip is required to initiate or restore service, than current fee service will be charged to Applicant's account. Applicant agrees to keep all water outlets on the Property turned off during such periods of interruption by whatever cause in order to prevent flooding should water service resume. Applicant understands and accepts that it is Applicant's responsibility to keep all water outlets turned off except at such times as Applicant is actually using water in accordance with applicable laws. In the event of flooding at Applicant's Property resulting from Applicant's failure to keep all water supplies turned off pursuant to this Paragraph or when not otherwise being used by Applicant, or in the event of any other damage to property or injury to any person as a result of the interruption of service, Applicant shall make no claim against the Authority as a result of such flooding, damage or injury, and Applicant hereby waives any such claim that Applicant may have against the Authority for any damages whatsoever, including but not limited to property damage, loss of business, personal injury and attorney fees, that may result from such flooding, or other damage or injury. Applicant accepts full responsibility and liability for any such flooding, or other damage or injury. Applicant shall indemnify and hold harmless CCWA from any costs, including but not limited to court costs and attorney fees that CCWA may incur as a result of any such claim made by Applicant in violation of this paragraph.

15. In the event that Applicant or any agent of Applicant, or any tenant or occupant of the Property or agent of a tenant or occupant of the Property, requests CCWA to cut off or interrupt water service to the Property, Applicant agrees that CCWA may charge a reasonable fee for such service. By signing this Agreement or by continued use of service, Applicant hereby agrees that no further signature or additional agreement is needed for CCWA to cut off or terminate water service by request of the owner, property manager or someone with express permission of the owner or property manager. Applicant indemnifies and holds CCWA harmless from all claims, actions, demands, loss, and causes of action, arising from injury, including death to any person, loss of business, or damage to any property, when such injury or damage results in whole or in part from the cutting off or interrupting of the water supply to the Property due to a request. Applicant accepts and agrees to the terms of the CCWA Waiver and Indemnity Agreement Regarding Water Cut-Off Request as adopted by CCWA and as may be amended.

16. The Applicant hereby grants permission to CCWA and/or its affiliates to run a credit check and/or other identity verification by using any of the Applicant's personal information including but not limited social security number, current address, or phone number.

17. If you think your bill is incorrect, write to us on a separate sheet of paper within 45 days of the bill date at 1600 Battle Creek Rd. Morrow, GA 30260, fax us at 770-960-5667, or email us at CCWA_CustomerService@ccwa.us. Please include your service address and CCWA account number. Please note that if a Bill Dispute is not received within 45 days of the bill date indicated on the bill, any dispute regarding said bill that you may have had is deemed forever thereafter waived and full payment is thereafter required and expected. In order to avoid Late Charges or disconnection, you must tender your dispute within 45 days of the date of the disputed bill. Although you are not required to pay any disputed amount on your bill while we are investigating your dispute, you are still obligated to pay the portion of your bill that is not in dispute. If you do not pay this portion on a timely basis, you may be assessed a Late Charge, and your service may be subject to termination. CCWA will normally acknowledge receipt of your dispute within 1 business day of receipt of said dispute. The decision made by the Authority shall be final and there will be no appeal available to the Authority.
